

Strategic Plan 2023–2028

Our Vision

To improve societal well-being through ensuring high-quality education and training in psychology

Our Purpose

To set, maintain and assess against standards for education and training in psychology

Our Values

- Integrity
- Professionalism
- Responsiveness
- Respect

Strategic Priorities

1 Governance

Organisational structures that support independence, transparency and effective decision-making

2 Engagement

Work with key stakeholders in ways which foster collaboration and effective communication

3 Future focused growth

Identify, develop and implement services and processes which are aligned to emerging community needs

4 Accreditation and assessment

Deliver responsive high-quality outcomes and risk-based accreditation services

5 Business sustainability

Work in ways that support the sustainability of our human and fiscal resources and the environment
